To Whom It May Concern:

In the summer of 2004, we were involved in a major exterior and interior renovation at the Liberties, 717 Bay Street, Toronto.

Canadian Stucco was awarded the contract over \$100 000. 00 and my self and the Board members were very pleased with their performance and workmanship.

They were both dependable and professional throughout this project. Anyone in construction will confess that renovations can be a headache, but when you have good trades like Canadian Stucco, it makes everything run smoothly.
